radiofonica

AUTOMATIC
2 gr

Radiofonica is inspired by the radio orchestra (orchestra radiofonica) born a century ago to allow many people to listen the real orchestras that could not attend live. Radiofonica is born with the same spirit as a traditional machine that wants to give many people all around the World the possibility to enjoy the best traditional coffee extraction in the simplest and easiest way.

radiofonica

Automatic with two raised E61 brewing groups, with purge button (1 per group) and waterproof silicone pushbuttons diam. 16mm., joystick taps, programmable portion control, single group washing, dual gauges for (11,5 litres) boiler and pump pressure, professional sized rotary pump (200 l/h), automatic boiler water loading, motor pump with air cooling, boiler of copper with tap for manual discharge, pipes of copper and pipe fittings of brass, bulb capillary thermostat for heating element protection, frame of satined stainless steel AISI 304 painted in different standard matt color options: white, black, blue Tiffany, rust brown, copper.
